Sponsored by **ACM SIGDA** and **IEEE Circuits and Systems Society** with technical support from the **IEEE Solid-State Circuits Society**, the **IEEE Electron Devices Society**, **IPSS Computer Science Society**, and the **IEICE Electronics Society**.

The International Symposium on Low Power Electronics and Design (ISLPED) is the premier forum for presentation of recent advances in all aspects of low power design and technologies, ranging from process and circuit technologies, simulation and synthesis tools, to system level design and optimization.

The symposium will also feature industry and research exhibitions, which will provide an opportunity for people from industry or academia to present and demonstrate their products, technology, and research results, etc. ISLPED'11 will invite exhibition proposals from any organization such as universities, research institutes, non-profit organizations, and commercial companies.

### CONDITIONS FOR EXHIBITION

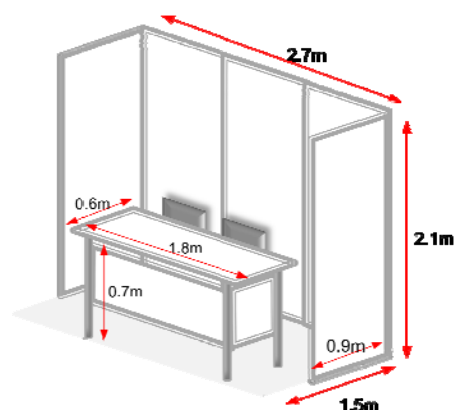

Exhibition Date: August 1-2, 2011

Venue: Lobby on the conference venue

Booth Package: ISLPED'11 is offering the following package for each exhibit.

- About 4 sqm space
- Shell scheme stand (see image on the right)
- 1 table & 2 chairs
- 500W electricity (100V AC)
- Internet connection
