Sponsored by **IEEE Circuits and Systems Society** and **ACM Special Interest Group on Design Automation**.

The International Symposium on Low Power Electronics and Design (ISLPED) is the premier forum for the presentation of innovative research in all aspects of low power electronics and design, ranging from process technologies and analog/digital circuits, simulation and synthesis tools, system-level design and software **targeting applications in communication, automotive, consumer, biomedical and industrial markets**. ISLPED'15 edition will include an **Industrial Design presentation Track and a Design Contest**.

ISLPED gets back to Europe in 2015. The chosen location is Rome, Italy, from July 22nd to July 24th. The conference venue is Sapienza University at San Pietro in Vincoli Cloister, at three-minute walking distance from the Colosseum.
